

Sardina Workshop at Soho Photo Gallery

Sat. Feb 28, 2015 11am–1pm

The Sardina Camera is the reigning 35mm plastic queen of Lomography, and for good reason. Join us as we explore one of Lomography's most popular plastic cameras and delve into all of her dreamy lo-fi goodness. Sardina experts will walk you through various tips and tricks in getting the most out of your 35mm camera. Lomography is sponsoring this workshop in conjunction with the Krappy Kamera Competition.

Equally suitable for those who shoot with plastic cameras and those who have never seen one, the first part of the workshop will be devoted to getting familiar with the camera. Following, there will be a time to go outside and experiment on your own. Cameras will be on loan and film will be provided.

Limited to 20 participants (first come first served). If interested email [Silvia Marinari](mailto:Silvia.Marinari@lomography.com).
