~For those personally affected by breast cancer

We will gather together as women, breast cancer survivors, previvors, and “lifers.” We will take the time to welcome mindfulness into our hearts, to quiet our thoughts, and to dwell within our senses. We will bring a “taste” of the sea, and our project workshops to the city.

Join us for the opportunity for personal reflection, healing expression, and community support including: sharing circle, peaceful meditation, and gentle movement experience.

Artist talks about our project will be presented on Friday, February 12, from 6-7pm, and preceding the workshop on Saturday, February 13, from 6-7pm.

A selection of our work will be exhibited at SoHo Photo Gallery from February 3-27.
